CIVIL SERVICE EXTENSION.

Board of Trade, at its Annual Meeting, to

Discuss This Question. On Monday evening, at 7:30 o'clock, next, an event of no little interest to the business men of the city, and, indeed, to all of our citizens, will take place in the ball of the Builders' Exchange. This is the annual meeting of the board, and a large attendance is expected.

The principal business to come before the meeting, besides the election of directors. will be the reception of the annual reports of the officers and standing committees, covering the work accomplished by the board of

trade to its several branches during the year just closed. In these papers will be presented many subjects of great concern to the District of Coumbia, well deserving the attention of the board of trade and of all in the community who take intelligent interest in District affairs. The annual election will be for choice of ten directors to serve for the next

ensuing term of three years.

Among other things to be considered will be the two recommendations of the board of directors made at its last meeting, the first touching upon the subject of civil service reform in our nunicipal offices, with respect to which the following resolution was unani-mously adopted, with the recommendation that it be approved by the board of trade: "Resolved, That the proposed extension of the law known as the civil service law to the offices of the government of the District of Columbia meets with our hearty approval, believing that such action is in the interest of better and more business-like administration." The petition of our firemen asking Con-gress for an increase of 25 per cent, in their salaries, with the understanding that one-half of such increase is for the benefit of the fire-men's pen ion fund, was also sent to the oard of trade with favorable indorsement.

401 HUNTING THE MOONSHINER.

Government Officers Are Auxious to Capture Slippery John Briscoe and His Still. Several revenue officers from the Treasury Department, it is understood, made a quiet search through Willow Tree alley yesterday in quest of John Briscoe, the itinerant moon shiner, an account of whose shady operations were published exclusively in yesterday's

Times.

The officers did not succeed in finding the wily John, but it is said they received information which may lend to his speedy cap-

The Fourth precinct police have found several persons who enjoyed "XX Tonic" jags, having purchased the stuff from Briscoe. Lieut. Vernon said last evening that while his men would give the revenue officers any assistance in their power, he always made it a rule to keep "hand off" when the govern-ment agents were seeking to make United States cases against violators of the liquor, or any other law. It is believed that Briscoe, in ompany with a well-known South Washing-
